MINUTES OF PROCEEDINGS, 1971 i

MINUTES OF PROCEEDINGS, 1972 v

THE USE OF OCEANOGRAPHY. By SIR GEORGE DEACON, National Institute of Oceanography, Godalming, England 1

PRIMARY AND SECONDARY OCEAN RIDGES AND THEIR RELATION TO MANTLE CONVECTION CURRENTS. By BASTIAAN J. COLLETTE, Vening Meinesz Laboratory, University of Utrecht. (With ten text-figures) . . . 7

A COMPARISON OF PRODUCTION IN TEMPERATE SEAS AND THE UPWELLING AREAS. By D. H. CUSHING, Fisheries Laboratory, Lowestoft, England. (With six text-figures) 17

THREE RAPID AND SIMPLE METHODS FOR THE SCREENING OF FREE AMINO ACIDS IN SAMPLES OF URINE AND PLASMA. By P. CANHAM, Dept. of Physiology, University of Natal, Durban 35

THE OCCURRENCE AND OTHER ASPECTS OF N-METHYL ALANINE (NMA) AND N-METHYL SERINE (NMS) IN *Dichapetalum cymosum* (Engl.) (GIFBLAAR) AND OTHER MEMBERS OF THE DICHAPETALACEAE. By J. N. ELOFF, Margaretha Mes Institute, University of Pretoria. (With Plate I) . . 41

AMINO ACID METABOLISM IN AMPHIBIA. By J. B. BALINSKY, Dept. of Chemistry, University of the Witwatersrand. (With five text-figures) . . . 49

TRANSPORT AND METABOLISM OF ^{14}C-VALINE IN *Datura stramonium* L. By E. J. NIEMAN, O. A. M. LEWIS and A. MUNZ, Dept. of Botany, University of Durban-Westville 59

THE EFFECTS OF AMINO ACID DEFICIENCY AND IMBALANCE. By J. V. O. REID, Dept. of Physiology, University of Natal, Durban. (With two text-figures) 65

THE PROBLEM OF PROTEIN QUALITY IN MAIZE. By G. V. QUICKE, Dept. of Biochemistry, University of Natal, Pietermaritzburg. (With two text-figures) 71

BREEDING FOR IMPROVED PROTEIN QUALITY IN MAIZE. By H. O. GEVERS, Dept. of Agricultural Technical Services, Natal Region, Pietermaritzburg. (With two text-figures) 81

AMINO ACIDS AND INSULIN. By W. P. U. JACKSON, Dept. of Medicine, University of Cape Town. (With four text-figures) 93

AMINO ACIDS IN RELATION TO CENTRAL NEURO-TRANSMISSION AND POSSIBLE RELEVANCE IN HUMAN DISEASE. By F. J. LICHTIGFELD, Dept. of Psychiatry, University of the Witwatersrand 101

Presidential Address: Recent Human Biological Studies in Southern Africa, with Special Reference to Negroes and Khoisans. By P. V. Tobias, Dept. of Anatomy, University of the Witwatersrand. (With three text-figures) 109

The Stream Fauna of an Isolated Mountain Massif; Table Mountain, Cape Town, South Africa. By A. D. Harrison, Dept. of Biology, University of Waterloo, Canada, and the late K. H. Barnard, formerly of the South African Museum, Cape Town. (With one text-figure) . . 135

Pleistocene Palaeogeography of the Agulhas Bank. By R. V. Dingle and J. Rogers, Institute of Oceanography, University of Cape Town. (With four text-figures) 155

Grazing Preferences of Impala: A Quantitative Faecal Analytical and Anatomical Evaluation. By Humphrey J. McAllister and Chris H. Bornman, Dept. of Botany, University of Natal, Pietermaritzburg. (With three text-figures and Plates II–IV) 167

The First Fossil Human Skeleton from South West Africa. By Hertha de Villiers, Dept. of Anatomy, University of the Witwatersrand. (With two text-figures and Plates V–IX) 187

Physioecology of the Umsindusi River within the Pietermaritzburg City Limits. By Linda J. Nash, Chris H. Bornman and Jan Heeg, Dept. of Botany, University of Natal, Pietermaritzburg. (With four text-figures and Plates X & XI) 197

Metals and Proteins. By J. E. Kench, Dept. of Chemical Pathology, University of Cape Town 209

Darwin, 'Descent' and Disease. By P. V. Tobias, Dept. of Anatomy, University of the Witwatersrand 239

Abundance and Distribution of Carbonate Constituents in Some South African Coastal and Offshore Sediments. By William G. Siesser, Dept. of Geology, University of Cape Town. (With seven text-figures and Plates XII–XIV) 261

The Stratigraphy and Ostracod Fauna of the Upper Jurassic Sediments from Brenton, in the Knysna outlier, Cape Province. By R. V. Dingle, Dept. of Geology, University of Cape Town, and H. C. Klinger, Geological Survey of South Africa, Pretoria. (With six text-figures and Plates XV–XVIII) 279

A Self-contained Diver-operated Quantitative Sampler for Investigating the Macrofauna of Soft Substrates. By N. D. Christie and J. C. Allen, Institute of Oceanography, University of Cape Town. (With two text-figures) 299

The Ecology of the Sandy Beaches of the Cape Peninsula, South Africa. Part 3: A Study of *Gastrosaccus psammodytes* Tattersall (Crustacea: Mysidacea). By A. C. Brown and M. S. Talbot, Dept. of Zoology, University of Cape Town. (With six text-figures) 309

The Impact of Industrial and Engineering Research on South African Society. By V. L. Granger, Faculty of Engineering, University of Cape Town 335

The Biology of the Agulhas Sole, *Austroglossus pectoralis*, Part 1. Environment and Trawling Grounds. By Peter Zoutendyk, C.S.I.R. Oceanographic Research Unit, University of Cape Town. (With nine text-figures) 349

Preliminary Stratigraphical Classification of the Cainozoic Succession on the South African Continental Shelf. By R. V. Dingle, Dept. of Geology, University of Cape Town. (With two text-figures) 367

Revision of the Spiny Lobster Genus *Palinurus*, in the South-west Indian Ocean. By P. F. Berry, Oceanographic Research Institute, Durban, and R. Plante, Centre ORSTOM, Nosy Bé, Madagascar. (With one text-figure and Plates XIX & XX) 373

The Ecology of the Sandy Beaches of the Cape Peninsula, South Africa. Part 4: Observations on Two Intertidal Isopoda, *Eurydice longicornis* (Stüder) and *Exosphaeroma truncatitelson* Barnard. By A. C. Brown, Dept. of Zoology, University of Cape Town. (With five text-figures) . 381
